Pre-Placement Training Sessions organized by Barclays

It is vital for a student to be prepared to be selected in placement drives and interviews. Selection process are often elaborate comprising of written tests, group discussions and interviews. Student needs to be adequately prepared to handle these efficiently. Pre-placement Training Sessions are extremely important to prepare the student properly for Industry selection process.

Similarly, a student also needs to be assured that rejection is a part of life and should not be demotivated in case not selected.

Vision... the shape of things to come

Diversity, Equity & Inclusion

Mr. Aashkar Hussain (Asst. Commandant, ITBP 32 BN) took up the issue of DEI and its importance in organizations such as a military and para-military forces.

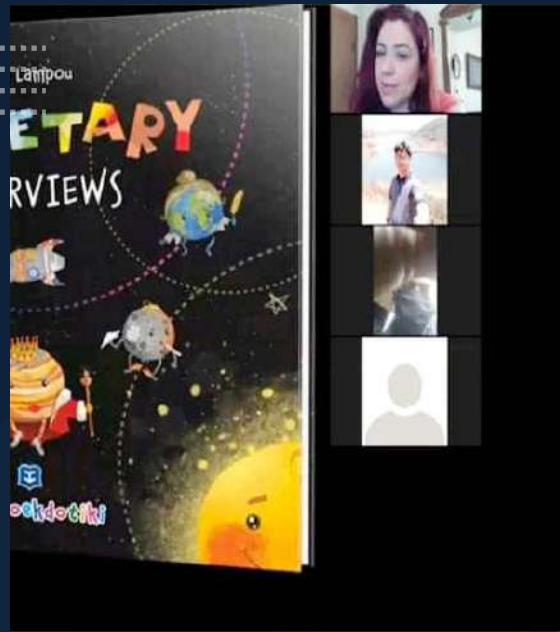

Diversity, Equity & Inclusion

Diversity, Equity & Inclusion are bedrock for sustenance and existence of any community, society, or nation. When we consider a country as diverse as ours, these principles become sacrosanct and irreplaceable. Pluralism is not mere choice of thinking; it needs to be ingrained as a fundamental value. Our culture and history has pronounced and upheld egalitarianism.

Similarly, inclusion becomes extremely essential to retain and thrive the fabric of community, nation and society on whole.

The Place of STEM Education in Curriculum 4.0
